## To-Morrow Is Mrs. Belasco's Day in Thrift Stamp Drive

MRS. DAVID BELASCO.  
Stage Stars and Theatrical Personalities Will Make It a Memorable Day.

One of the most significant events in the Thrift Stamp drive is the big public meeting that will be held to-morrow at the Public Library Plaza, Fifth Avenue and 42d Street, from 1 to 6 P. M. with Mrs. David Belasco presiding.

The drive here is under the auspices of the Mayor's Committee of Women on National Defense. Social and dramatic interests have been looking forward to this event, which is termed "Mrs. Belasco's Day."

A most interesting programme of speakers and entertainers has been arranged, including soloists and choristers. One of the soloists will be Miss Clayburg.

Among those who will assist Mrs. Belasco are Ina Claire, Laura Hope Crews, Marjorie Wood, Mrs. Morris Gest, Mrs. Martin Saxe, Mrs. Thomas G. Patten, Miss Grace Hedger, and the ladies of "Chu Chin Chow," "Oh, Lady! Lady!" and the Century and Roof Garden companies.

Mrs. Belasco has also secured some of the most prominent men speakers of the city. Those who have agreed

to serve are Job E. Hodges, William Edwards, Collector of Internal Revenue; Thomas G. Patten, Postmaster of New York; George T. Wilson, Vice President of the Equitable Life; Lemuel E. Quigg and Martin Saxe. It is expected that a very large crowd will be drawn by this galaxy of stars and personalities, and a considerable sum is sure to be realized.

### EXPECT NO PASSPORTS FOR ENEMY WOMEN

Officials Here Do Not Believe United States Will Allow Them to Return to Germany.

Passports probably will be denied to all women enemy aliens seeking to return to Germany, it was learned to-day. Although no final action has been taken at Washington on the applications of Margaret Ober Andt, Gertrude Fisher and Gertrude Schmidt, who have applied at the Alien Enemy Bureau for passports, one Federal official said to-day that it was unlikely the Government would allow them to return to Germany.

Only women of intelligence and fortune would apply for passports, Federal officials believe. This theory is sustained in the three cases now under consideration. Such women, the Government holds, would be able to carry back to Germany much valuable information, and even without definite facts might as much to encourage the German people.

Although the bill providing for the arrest and internment of women enemy aliens has been a law since last Friday, no arrests had been made at noon to-day in this district. Information on several cases of women active in spreading German propaganda, has been forwarded to Washington, but no instructions have been received.

### CASE OF PRINCE SIXTUS STIRS IMPERIAL HOUSE

Peril Seen in Activities of Members of House of Bourbon De Parma, Residing Abroad.

AMSTERDAM, April 25.—The Berlin Tageblatt prints the following despatch from Vienna:

"The members of the Imperial House of Austria met at the Archduke's Palace and decided through him to point out to the Emperor the prejudicial consequences which the activities of members of the House of Bourbon De Parma residing abroad might have for the interests of the House of Hapsburg-Lorraine."

The complaint probably has reference to the case of Prince Sixtus, brother of the Austrian Emperor. It was to Prince Sixtus, an officer in the Belgian army, that Emperor Charles wrote his famous letter of March 31, 1917, in which he made peace suggestions for unofficial submission to France and England, and as revealed by the text made public by the French government early this month, alluded to "France's just claims regarding Alsace-Lorraine," which he promised to support.

### ENRIGHT SAYS NO ALIENS REFUSED FINGERPRINTS

Enemy Registration Efficiently Conducted, He Declares, Backing Up Wallace's Statement.

Police Commissioner Enright gave out a statement to-day replying to Norman H. White of the Army Intelligence Bureau who is quoted as having testified before a Congressional Committee that from 22,000 to 25,000 enemy aliens in New York had refused to be finger printed.

The Commissioner said he was convinced that no considerable percentage of enemy aliens had escaped registration and finger printing. He said the work had been done by efficient men who worked along rigid lines and were strictly supervised. A comparison of the registration figures with the number of permits issued to aliens forborne some early in the war indicated that the registration had been done thoroughly.

Enright also said he had heard of no cases of enemy aliens refusing to be finger printed. He gave out a statement from William Wallace Jr., in charge of the Enemy Alien Bureau, saying that the registration had been efficiently conducted.

### HELD IN STORE, SAYS GIRL.

Brooklyn Girl Also Charges Druggist With Purse Snatching.  
Siegfried Ehrenbert, proprietor of a drug store at No. 320 Lafayette Avenue, Brooklyn, was this morning held by Magistrate Dodd for the Grand Jury, charged with having snatched a purse from Miss Heide Trube of No. 185 W. 10th Avenue, in a controversy over photographic work done at his store. It is expected that a very large crowd will be drawn by this galaxy of stars and personalities, and a considerable sum is sure to be realized.

Enright also said he had heard of no cases of enemy aliens refusing to be finger printed. He gave out a statement from William Wallace Jr., in charge of the Enemy Alien Bureau, saying that the registration had been efficiently conducted.
